MEMORANDUM FOR:

SUBJECT : Survey of Research and Operational Support in the  
Field of International Trade and Finance as They  
Relate to the Soviet Bloc

1. In view of recent changes in organizational arrangements and work programs of the various departments and agencies in the field of international trade and finance as they relate to the Soviet Bloc, the Office of Research and Reports, Central Intelligence Agency, is reviewing existing programs in order to reconstruct its own efforts in this field.
2. The accompanying survey questionnaire is designed to assemble the minimum information necessary for intelligently considering such a readjustment. This survey will also serve as an essential supplement to previous EIC surveys of professional personnel and programming in this field.
3. Replies covering the particular organizational units indicated below and any others in your department or agency coming within the scope of the survey would be greatly appreciated. It is desirable that the questionnaires be returned to the EIC Secretariat by 25 November in order to meet ORR/CIA scheduling dates.
